

I AM Cocreating My Crystalline Solar Light Bodies by Patricia Cota-Robles

www.eraofpeace.com

This Activity of Light is stated in the first person so that everyone will experience it personally and tangibly in his or her own life, but WE ARE ONE and there is NO separation.

As we invoke this life-transforming Activity of Light, which has been given to Humanity by the Beings of Light in the Realms of Illumined Truth, we invoke it not only for ourselves, but on behalf of every single person evolving on this precious Planet and Beloved Mother Earth.

And We Begin...

I AM my I AM Presence and I AM One with the I AM Presence of every man, woman, and child on Earth. I AM One with my Father-Mother God, I AM One with the Solar Logos from Suns beyond Suns beyond Suns, I AM One with the entire Company of Heaven, and I AM One with all of the Beings of Light associated with the Elemental Kingdom and the Angelic Kingdom.

I AM One with every electron of precious Life energy, and I AM One with every atomic and subatomic particle and wave of energy comprising the physical, etheric, mental, and emotional bodies of Humanity and Mother Earth. I AM also One with all of the spaces in between the atomic and subatomic particles and waves of energy on Earth.

Through the Divine Intervention of this collective Body of Light Beings, I invoke the most intensified frequencies of 5th-Dimensional Crystalline Solar Light from the very Core of Creation that Humanity and the Earth are capable of receiving at this time. The frequencies of this Crystalline Solar Light will accelerate the Divine Alchemy that is transforming Humanity's carbon-based bodies into 5th-Dimensional Crystalline Solar Light Bodies of infinite perfection. I accept that this Transfiguration will occur in Divine Timing and in perfect alignment with each person's Divine Plan and the highest good for all concerned.

On this sacred and holy day, I consecrate my physical, etheric, mental, and emotional bodies to be the Open Door for this Crystalline Solar Light which will ultimately transform the Earth and ALL her Life into the limitless physical perfection of the New Earth.

Now, under the direction of our Father-Mother God the 5th-Dimensional Directors of the Elements take their strategic positions in preparation for this powerful Activity of Light.

* Thor and Aries, the Directors of the Air Element and the Sylphs of the Air, take their positions at the cardinal point to the North of Planet Earth.

* Neptune and Lunara, the Directors of the Water Element and the Undines of the Water, take their positions at the cardinal point to the East.

* Virgo and Pelleur, the Directors of the Earth Element and the Gnomes and Nature Spirits of the Earth, take their positions at the cardinal point to the South.

* Helios and Vesta, the Directors of the Fire Element and the Salamanders of the Fire, take their positions at the cardinal point to the West.

* Amaryllis and Aeolos, the Directors of the Ether Element and the Devas and Deva Rajas of the Ethers, take their positions within the Sun of Even Pressure in the Center of the Earth.

Now as One Breath, One Heartbeat, One Voice, and One Energy, Vibration, and Consciousness of pure Divine Love the Directors of the Elements sound a Cosmic Tone signaling to Humanity's Body Elementals that the time has come to reverse the adverse affects of our fall from Grace, and to reclaim their original Divine Plan of outpicturing the perfection that is pulsating within the Crystalline Solar Light Bodies of our I AM Presence.

Every person's Body Elemental responds with deep gratitude and an exceptional willingness to at long last heal the maladies that they were forced to create in our physical, etheric, mental, and emotional bodies after the fall. With elation and abounding joy, our Body Elementals accept the opportunity to transform our Earthly Bodies into the limitless perfection of Crystalline Solar Light Bodies.

Through myriad Activities of Light that have taken place this year, every person's I AM Presence has recalibrated his or her pineal gland in order to safely receive the unprecedented influx of 5th-Dimensional Crystalline Solar Light that we will receive right here and right now. Humanity's I AM Presences and the entire Company of Heaven are standing in readiness.

Our Father-Mother God now sound a Cosmic Tone which reverberates through all Creation signaling to the entire Company of Heaven that **the moment has arrived** and ALL is in readiness for the fulfillment of this phase of the Divine Plan.

The Mighty Elohim, who are the Builders of Form, respond by projecting their Luminous Presence into the atmosphere of Earth and taking their positions around the Equator of this Planet.

Now, through the Divine Intervention of the Mighty Elohim and the Directors of the Elements who are stationed at the four cardinal points, every person's Body Elemental is being initiated into frequencies of the 5th Dimension and invested with new skills and

abilities that will work in perfect harmony with the Divine Alchemy taking place within each person's Earthly Bodies at this time.

This means Humanity's Body Elementals have graduated into 5th-Dimensional Elemental Beings, which will greatly accelerate our transformation into Crystalline-based 5th-Dimensional Solar Light Bodies.

Now on the Holy Breath, as One Unified Force of Pure Divine Love, the Mighty Elohim breathe the 5th-Dimensional Crystalline Solar Light from the Core of Creation into the Heart Flame of every person on Earth. This occurs in perfect Divine Order whether the person is in or out of embodiment.

The Divine Intelligence within this Powerful Light now activates Humanity's ability to cooperate on a conscious level in NEW and powerful ways with our newly initiated 5th-Dimensional Body Elementals as we God Victoriously accomplish this facet of the unfolding Divine Plan on behalf of ourselves, Humanity, and Beloved Mother Earth.

I AM my I AM Presence and in unison with my 5th-Dimensional Body Elemental I AM now cocreating my Crystalline Solar Light Bodies of infinite physical perfection.

I AM the Immaculate Concept, the Divine Blueprint, of my Crystalline Etheric, Emotional, Physical, and Mental 5th-Dimensional Solar Light Bodies now made manifest and eternally sustained by God's Amazing Grace.

I begin by perceiving my glorious Crystalline ETHERIC Solar Light Body. This is the vehicle that is encoded with my full Divine Potential and my Divine Plan. My ETHERIC body is associated with the **Air Element**.

My Etheric Body contains the records of everything I have ever experienced in any time frame or dimension. Under the Law of Karma, which was created after the fall, Humanity had little chance of experiencing vibrant health, eternal youth, or radiant beauty in our physical bodies. Now, however, my I AM Presence and my 5th-Dimensional Body Elemental take command. The Law of Karma is superseded by the Immaculate Concept of my Divine Plan, and the perfection of my Crystalline ETHERIC Solar Light Body.

Within my etheric body my I AM Presence now declares to all obsolete Karmic patterns, "*Stand aside for the I AM Presence and the perfection of my Crystalline ETHERIC Solar Light Body.*" With this command, my Karmic patterns are instantly transmuted into Light by the new Solar Frequencies of the Violet Flame.

From this moment forth, all energy passing through my physical body from my I AM Presence will only pass through the perfection of my Crystalline ETHERIC Solar Light Body.

My Mother God, the Holy Spirit, now Baptizes my Crystalline ETHERIC Solar Light Body with Sacred Fire. This blessing seals the 5th-Dimensional frequencies of the **Air Element** within this vehicle and a scintillating forcefield of infinite perfection is formed. (pause)

My Crystalline EMOTIONAL Solar Light Body now comes into view. This vehicle is associated with the **Water Element**. It is the body through which the Love Nature of my Father-Mother God is expressed in the world of form. This is my most powerful vehicle. Eighty percent of my Lifeforce is released through my emotional body.

My I AM Presence and my 5th-Dimensional Body Elemental step forth to take command of this vehicle. As they do, the full Divine Momentum of my Father-Mother God's Love begins to pulsate through my Heart Flame. The Love of God flows into my Crystalline EMOTIONAL Solar Light Body and forms a Cosmic Forcefield of Divine Love that expands and expands until it encompasses the entire Planet Earth.

This forcefield of my Father-Mother God's Love intensifies the Love flowing through every person's Heart Flame, and opens each person's 5th-Dimensional Crystalline Heart Chakra to new breadths.

Love reigns supreme through all Creation, and this Activity of Light is ensuring that a New Planetary CAUSE of Divine Love is becoming a tangible reality on Planet Earth.

Within this all-encompassing Forcefield of Divine Love, the last vestige of my human ego surrenders to my I AM Presence. Within the embrace of my I AM Presence my ego lets go of any desire it has ever had to block my Divine Plan or to interfere with my Divine Potential as a Beloved Son or Daughter of God.

My ego now dissolves into the Loving embrace of my I AM Presence where it is transformed by the Love of my Father-Mother God. Within the embrace of this unfathomable Love, my ego is scientifically, psychologically, physiologically, and spiritually transformed.

My I AM Presence now inbreathes and absorbs my transformed human ego into the fullness of my true God Reality and all aspects of my own Divinity.

My Mother God now Baptizes my most powerful Crystalline EMOTIONAL Solar Light Body with Sacred Fire. My feeling nature becomes One with the Feeling Nature of God. My emotional world is now filled with God's Infinite Love and all of the various aspects of God's wondrous Love. This blessing seals the 5th-Dimensional frequencies of the **Water Element** within this vehicle and a scintillating forcefield of infinite perfection is formed.

Through my Crystalline EMOTIONAL Solar Light Body I AM able to continually express the Harmony of my true Being. (pause)

Now my Crystalline PHYSICAL Solar Light Body comes to the fore. My physical body is associated with the **Earth Element**. The limitless physical perfection of my I AM Presence is reflected in my magnificent Crystalline PHYSICAL Solar Light Body. My I AM Presence and my 5th-Dimensional Body Elemental take command of this vehicle. Every cell, gland, organ, and function of my physical body has been longing for this moment.

My Crystalline PHYSICAL Solar Light Body is composed of Crystalline Cells that are absorbing Light from the Infinite Universe and assimilating that Light into the atoms and molecules that form each cell of my body. Every Crystalline Cell in my physical body is also absorbing the Cosmic River of Crystalline Light that is cascading through my I AM Presence and every other aspect of my own Divinity.

I AM my I AM Presence inbreathing, absorbing, expanding, and projecting the fullness of this Crystalline Light into my flesh vehicle. Not only is every cell of my body becoming a Crystalline Cell, each one is now swirling with multicolored dazzling Solar Light. This amazing influx of Light is generating unexplored levels of limitless physical perfection, vibrant health, radiant beauty, abundance, joy, and bliss. My Crystalline PHYSICAL Solar Light Body responds to this Divine Input which is coming from various Realms of Light.

After the fall, my flesh vehicle was used as the repository for Karmic lessons that were never learned. This distorted purpose has now been transmuted forever. My Crystalline PHYSICAL Solar Light Body will never again accept Karma dictating the reality of its physical functioning or its appearance.

I accept this profound Truth, and I agree to abide in my Crystalline PHYSICAL Solar Light Body while deeply enjoying the Divine Alchemy into limitless physical perfection that is continually expanding within all of my Earthly Bodies.

My Mother God now Baptizes my Crystalline PHYSICAL Solar Light Body with Sacred Fire. The infinite physical perfection of my I AM Presence is permanently secured in the cellular structures of my physical body. This blessing seals the 5th-Dimensional frequencies of the **Earth Element** within this vehicle and a scintillating forcefield of infinite perfection is formed. (pause)

Now my Crystalline MENTAL Solar Light Body reveals itself to me. This vehicle is associated with the **Fire Element**. My Crystalline MENTAL Solar Light Body is One with the Divine Mind of God. My I AM Presence and my 5th-Dimensional Body Elemental take command of this vehicle, causing it to blaze like a great Sun of Light forming a halo around my head. As the halo of Light expands through my mental body, it encompasses all of my Crystalline Solar Light Bodies and I AM a radiant Sun of Infinite Light.

The Fire Breath of my Father-Mother God now activates my Divine Mind, and I begin to clearly receive Divine Thoughts, Ideas, Concepts, Imagination, and all aspects

of Divine Mind beyond Imagination. All of these reflections of Divine Intelligence and Divine Mind are now anchoring and reflecting into my outer consciousness.

Slowly but surely I become aware of this process. It begins with a soft effulgent Light filling my mind. It leads me past the imagination of hopes and dreams of a future Divinity into the ever **present moment** of Divine Enlightenment, Illumination, and Cosmic Wisdom, which all Ascended and Cosmic Beings enjoy in the Eternal Moment of NOW.

All of the layers of human thought, conscious, subconscious, and unconscious mind, that were derived from my human ego now slowly dissolve into this Light, thus setting up an entirely new Divine Process for assimilating information.

I now perceive everything as energy, vibration, and consciousness whether it is something in my daily life or coming to me from dimensions beyond the physical plane. I watch for this in my meditations and in my awakened life. I AM prepared for my Crystalline MENTAL Solar Light Body and I accept it now.

My Mother God now Baptizes my Crystalline MENTAL Solar Light Body with Sacred Fire. The Divine Mind of God is reflected through my conscious mind and perpetually reflects through my mental body. This blessing seals the 5th-Dimensional frequencies of the **Fire Element** within this vehicle and a scintillating forcefield of infinite perfection is formed. (pause)

I AM my I AM Presence and I AM now abiding on Earth in my Etheric, Emotional, Physical, and Mental 5th-Dimensional Crystalline Solar Light Bodies. Each of my four Elemental Vehicles is now functioning in the infinite perfection of its Crystalline Light Body.

From this moment forth, the Divine Alchemy that has been greatly intensified this sacred and holy day, will expand within my Earthly Bodies and the Bodies of Humanity and Mother Earth daily and hourly with every breath I take. This Activity of Light will build in momentum until ALL Life evolving on this sweet Earth has God Victoriously Ascended into the 5th-Dimensional Realms of the New Earth.

I So Decree it and Accept it Done, through the Power and Might of God's Infinite Light. And so it is. Beloved I AM, Beloved I AM, Beloved I AM That I AM.
