Beloved Mother Mary is an exponent of the Divine Mother Principle on Earth, and she has accepted the responsibility of holding the Immaculate Concept, which is the Divine Blueprint, for each of us personally and for Humanity's Ascension in the Light. This process requires recalibrating our DNA structures into the 5<sup>th</sup>-Dimensional frequencies of our Father-Mother God's Twelve Solar Aspects of Deity.

Scientists used to believe that our DNA was stationary and stagnant. We now know that our DNA is a shimmering, waveform configuration that is moment by moment being modified by Light, solar radiation, magnetic fields, sonic impulses, thoughtforms, and emotions. When Humanity's I AM Presences join together to collectively imprint the genetic codes for the Twelve 5<sup>th</sup>-Dimensional Crystalline Solar Aspects of Deity onto our DNA, these patterns ignite every cell in our bodies and lift us into alignment with our Crystalline Solar Light Bodies. This Crystalline perfection is then secured in the nucleus of every atomic and subatomic particle and wave of Life on Earth. Once this is accomplished, our transformation will take place in what will be perceived as "*the twinkling of an eye.*"

The ***Rosary for an Ascending Humanity*** is a Gift from Mother Mary that is designed to help each and every one of us with our Ascension process. The Divine Intent of this wondrous Gift is to seal our bodies permanently in the Immaculate Concept of Eternal Youth, Vibrant Health, and Radiant Beauty.

I will state this invocation in the first person so that we will each experience this Gift of Light personally, but know that we are simultaneously invoking the Twelve 5<sup>th</sup>-Dimensional Crystalline Solar Aspects of Deity on behalf of every person on Earth, because we are One and there is no separation.

And we begin...
